VOL. XXIV. NO. 101 GAINESVILLE, FLORIDA, MONDAY, JULY 17, 1905 ONE DOLLAR A YEAR

PEACE IN FAR EAST IS ALMOST ASSURED

The World Pleased At the Appointment Of M. Witte.

STRONG ADVOCATE FOR PEACE

It is Now A Recognized Fact that the Peace Party Has the Ear of the Czar—Russian Securities Advance on Strength of Appointment.

St. Petersburg, July 15.—M. Witte's appointment as chief Russian peace plenipotentiary was announced today in the Official Messenger in the following words:

"Owing to the serious illness which overtook M. Muravieff on his arrival in St. Petersburg, which made it impossible for him to familiarize himself with, at such short notice, the considerable material connected with the negotiations, his majesty, the emperor has been pleased to appoint president of the committee of ministers, Witte, to the post of chief plenipotentiary. Spontaneously all parties recognize that M. Witte's selection makes for a successful termination of the peace negotiations. The mere fact that the emperor at last yielded to the pressure for M. Witte's appointment is accepted as being a complete assurance that his majesty is sincerely determined to end the conflict and make peace, if possible basis is obtainable.

Every influence which championed M. Witte was for peace while, on the contrary, those who opposed him were for a prolongation of the struggle.

France, through Ambassador Nelidoff, strongly urged him for the post, but the main credit for M. Witte's selection belongs to Foreign Minister Lamsdorff, who never ceased to press for his selection. Count Lamsdorff and M. Witte are now in close alliance."

M. Witte had a prolonged audience with the emperor at Peterhoff this afternoon at which the whole subject of the peace negotiations was gone over in detail. The difficulties of the situation was freely discussed and indications were given that his majesty is more apt personally to govern M. Witte's course than the formal instructions which have been given him.

M. Witte will leave St. Petersburg next Wednesday for Paris, sailing as previously announced from Cherbourg on July 26 on the North German Lloyd steamer Kaiser Wilhelm der Grosse. Mme. Witte will accompany her husband as far as Paris, where she will remain for the present, though she may possibly join M. Witte later in the United States.

M. Witte's personal solicitation M. Korotovitz, one of the ablest young diplomats who formerly was secretary of the Rupssian legation at Paris, will be attached to the Russian mission.

Stocks rose on the boerse on the improvement of the Russian securies abroad, due to M. Witte's appointment as chief peace plenipotentiary. According to information received here, Japan intends to claim the island of Sakhalin by right of conquest and its formal cession will be one of her unalterable demands.

The government has issued another $5,000,000 in paper roubles, the whole outstanding paper obligations being $495,000,000 against $547,000,000 in gold.

The boerse Gazette regards the latest issue as being a forced issue to protect the gold reserve.

Itinerary for Japanese Envoys.

St. Paul, Minn., July 15.—President James J. Hill, of the Great Northern railway is personally arranging the itinerary for the Japanese peace plenipotentiaries, their journey from Seattle to Washington. The party which is headed by Baron Komura will arrive at Seattle on the steamer Minnesota July 20. They will travel eastward over the Great Northern to Duluth where they will embark on the steamer Northwest for Buffalo, via the Great Lakes. At Buffalo the party will be taken by the Pennsylvania railroad to Washington, arriving there early in August.

President Roosevelt Notified.

Oyster Bay, L. I., July 14.—President Roosevelt has been notified by the Russian government, of the appointment of M. Witte, chairman of the committee of ministers to the position of principal envoy of Russia to the forthcoming peace conference. The president has expressed satisfaction at the designation of M. Witte feeling assured that it means much to Russia to have so eminent a statesman on the committee and that it will make for permanent peace between the belligerent nations.

FRENCHMEN CELEBRATE.

The French Capital Is Gaily Decorated and Is Thronged with People.

Paris, July 15.—The French national holiday was celebrated today. The boulevards were thronged with merry-makers and all the leading thoroughfares were elaborately decorated. There was a brilliant review at Long camp which was attended by President and Madame Loubet, the cabinet officers, the diplomatic corps and a vast throng of people. About 20,000 troops took part in the maneuvers. A notable feature of the review was the presence of 128 officers from the British naval squadron at Brest, all in full uniform. Their arrival was the occasion of an enthusiastic reception the band playing the British national anthem. President Loubet gave a lunch-eon to the British officers and to a number of French military and naval men in the Elysee palace at noon. Public games and dancing are going on in all the public places under the control of the municipality and the theaters will give free performances.

English Honor French Holiday.

Brest, July 15.—The British squadron dressed with bunting and fired a salute of 21 guns today in honor of the French national holiday. Later the crews of the British ships headed by their bands went ashore, where they were accorded an enthusiastic reception and participated in various festivities.

CALL ON THE PRESIDENT.

Japanese Minister, Takahira and President Shonts of Canal Commission.

Oyster Bay, L. I., July 15.—President Roosevelt today has the following visitors:

Togoro Takahira, the Japanese minister, and Theodore Shonts, and John F. Stevens, respectively, the chairman and chief engineer of the isthmian canal commission.

Mr. Takahira made an engagement several days ago to see the president today. It was his desire to discuss with Mr. Roosevelt, not only the arrangements for the reception of the peace plenipotentiaries at Sagamore Hill, but also to consider some details of the peace conference at Portsmouth, N. H.

Chairman Shonts and Chief Engineer Stevens are here to consul the president generally in relation to canal matters. The president had not met Mr. Stevens since his appointment to succeed Mr. Wallace as chief engineer.

May Be German-Swedish Alliance.

Berlin, July 15.—The substance of the statement made at Stockholm yesterday to the effect that a German-Swedish alliance was seriously contemplated was submitted to the foreign office here today and the authoritative statement was made that the question of an alliance between Germany and Sweden had never come before the foreign office, nor had it been discussed to the slightest extent. Of course the foreign office could not deny that Emperor William and King Oscar had not spoken of an alliance during their interview at Gefle yesterday because the subjects of their conversation are not known here.

To Invite Admiral Togo.

New York, July 15.—The committee named by Mayor McClellan to consider a plan for submission to the next mayor for the centennary celebration in 1907 of the first use of steam in water navigation, has decided to send an invitation to Vice Admiral Togo, of the Japanese navy to attend.

THREE LIVES LOST IN RAILROAD WRECK

And Seven Passenger Are More Or Less Seriously Hurt.

BOTH ENGINES ARE DEMOLISHED

A Passenger and Suburban Train on the Chicago and Eastern Illinois Railway Collide 30 Miles from Chicago With Fatal Results.

Chicago, July 15.—A passenger train on the Chicago and Eastern Illinois railway leaving St. Louis at 11:30 last night collided with a suburban train at Stegar, Ill., 30 miles from Chicago.

Three were killed, and seven passengers were more or less injured

Some of the injured may die.

The engines of both trains were demolished, and the first coach on the suburban train was smashed. The dead:

James Lyke, engineer of the suburban train.

George Epstein, Chicago.

Ferdinand Hoyne, Chicago.

The seriously injured:

Fireman Miller, Chicago Heights, Ill., back broken.

Charles Hoyne, Crete, Ill., Skull fractured.

James Crooks, Chicago, back injured.

Dwight I. Wood, brakeman on suburban train, leg broken and his side bruised. A Gilmore, engineer on the St. Louis train, shoulder dislocated and internal injuries.

F. P. Ross, Chicago, shoulder injured, arm broken and internal injuries.

TELEPHONE EXCHANGE BURNED.

Hello Girls Flee for Their Lives from the Burning Building.

Columbus, O., July 15—Fire early today damaged the mechanical apparatus in the Central Union Telephone company's building to such an extent that the entire telephone service will be suspended for days. The financial loss to the company will reach perhaps $25,000.

Night operators fled for their lives as a shout of warning came from the alleys in the rear of the building. Fifteen girls were at work at the time. None of the girls were ijured.

The fire started in the main terminal box in the rear room of the third floor of the building, and was under good headway when discovered. Many cables and the distributing racks, containing thousands of wires, wrapped in the flames and all were more or less destroyed.

Earnings of the L. & N.

New York, July 15.—The Louisville & Nashville Railroad company today issued a preliminary statement for the year ending June 30, last. It showed gross earnings of $38,541,672, an increase of $1,597,879, as compared with the previous year. Operating expenses $26,285,846; an increase of $1,144,318 over last year and a surplus for the year after dividends and charges were paid of $3,580,664, a decrease of $107,507., as compared with the year preceeding

President to Lay Cornerstone.

Wilkesbarre, Pa., July 15.—The county commissioners of this county have decided to ask President Roosevelt to lay the cornerstone of the million dollar court house here. The president is coming here on Aug. 10, to address the Mine Workers, and if he agrees to lay the cornerstone, it will be placed in position that day. The president will bring his son Kermit and his nephew Philip with him on the trip to see the coal region and the mine workers.

Crops Injured by Heavy Rains.

Washington, July 15.—The heavy rains of the last two weeks are reported to have seriously injured crops in eastern Virginia and North Carolina, particularly cotton in eastern North Carolina, and it is feared that cotton growers in that section will lose heavily as a result.

ALACHUA COUNTY

Should Make a Good Display at the Florida State Fair.

The Mid-Winter Fair, to be held at Tampa, is a State institution and every person interested in the advancement of the State should take an active part, as far as possible, in the exhibition. Every county has something to show, and the success of the fair depends on the enterprise of the people, be it county or State.

The manufactures, the products of the soil, all go to show what can be found in every county. When all are placed on exhibition they do much to attract people to the several localities.

The Board of Directors of the Florida State Fair Association have elected Jesse E. Burtz, city editor of The Sun, as one of the vice-presidents, and he would be pleased to hear from anyone who contemplates having any articles for exhibition. His territory will be Alachua county and he will confer with the County Commissioners and leading citizens at an early day and ascertain what the county will do. A fair appropriation will no doubt be made.

Individuals are requested to not stand back and wait for some one else to take the lead. It is a fair for Florida, and it is in the power of the people to make it a big thing. If you want information, address Jesse E. Burtz, Gainesville, Fla.

JOE MANASSE'S SALE.

Great Mid-Summer Cost Sale Will Begin Friday, July 21.

Attention is called to the great mid-summer cost sale of men's suits, dry goods, shoes, hats, gentlemen's furnishings and notions, which will be held at the store of Joseph Manasse for eight days, beginning on July 21.

Mr. Manasse makes a semi-annual practice in January and July of each year in closing out all goods left from the season's sale, and in this lot some excellent values are offered, which can only be appreciated by those who call and look over the stock. These goods are first-class in every respect, and those availing themselves of the opportunity may secure excellent bargains.

The terms will be spot cash, as the management cannot afford to charge goods at the prices on this sale.

The Colsons Are Happy.

A letter from Perry M. Colson, who, with his family, left this city a few days ago for Asheville, N. C., states that they arrived safely, and are delightfully located.

"This is a delightful place," continued Mr. Colson. "The weather is nice and cool, and we are compelled to sleep under cover for comfort. This city is 2,300 feet above sea level, and one of the prettiest places I ever saw. It is a great summer and winter resort, and there are now about 20,000 visitors here."

Mr. Colson states that he would like so much to remain with his family during the summer, but business calls him home, and he expects to return Monday next.

Petition for Final Discharge.

U. S. District Court, Southern District of Florida, ss. In re R. B. Porter, Bankrupt. In the matter of Petition for Final Discharge.

On this 7th day of July, A. D. 1905, on reading the foregoing petition, it is ordered by the Court that a hearing be had upon the same on the 31st day of July, A. D. 1905, before said court at Jacksonville, in said district, at 10 o'clock in the forenoon, and that notice thereof be published in The Gainesville Sun, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors notice of said petition and this order addressed to them at their places of residence as stated.

Witness the Honorable James W. Locke, judge of the said court, and the seal thereof, at Jacksonville, in said district, on the 7th day of July, A. D. 1905.

[L. S.]

JAMES W. LOCKE, Judge

A true copy.

Attest: E. O. LOCKE, Clerk.

INVESTIGATE THE TOBACCO REPORT

Is the Appeal the Planters Send Secretary Wilson.

SPECIAL AGENTS ARE SENT OUT

Department of Agriculture Will Do All In Its Power to Prevent the Tobacco Trust from Manipulating the Market.

Washington, July 15.—Through the receipt of numerous communications from the south and statements appearing in the press at various times that the statistics of the department of agriculture on tobacco were being manipulated in the interests of the so-called tobacco trust, Secretary Wilson has begun an inquiry into the subject.

Pending the investigation the publication of the tobacco statistics of the several districts will be held up although the regular monthly figures by states will be given out on Monday next.

It was stated at the department today that special agents have been sent to the dark tobacco districts of Tennessee and Kentucky to verify or correct the department's figures. This action Mr. Hyde, the chief statistician said was in defence to the sentiment which had been engendered that the department's figures were wholly incorrect.

Mr. Hyde has been given direct charge of the investigation which it is believed, will be concluded within two or three weeks.

UNDERGOES PAINFUL OPERATION

General Leonard Wood, U. S. A., Recovering from Sugeon's Knife.

Boston, July 15.—Reports from Pocasset, Cape Cod, say that Major General Leonard Wood has just undergone the delicate surgical operation of trepanning to remove a bony growth on his head. The operation, it is said, was entirely successful and the general is making rapid progress toward recovery. No details have yet been received. The operation was made necessary by a mishap several years ago when General Wood received a severe blow on the head by accident. A swelling developed, but surgeons were soon able to determine that it was not of cancerous growth and not in the least likely to have any permanent ill effects.

Many inquiries, it is said, have come in from Washington since the operation to all of which there has been returned the answer that everything was progressing satisfactorily.

Thirteen Die From Heat.

New York, July 15.—Thirteen deaths attributed to the hot weather were recorded in New York Thursday. In addition a score or more of persons were overcome by the heat and are under treatment in the city hospitals. Despite a drenching rainfall during the forenoon and scattered showers throughout the day, the thermometer rose to a maximum of 85 degrees. During the afternoon the drop was more decided than for the past five days and a strong westerly breeze is bringing a share of relife. The high humidity and the continuance throughout the night of temperatures varying only slightly from those of the hottest hours of the day have caused the heavy fatality attending the present hot spell in this city.

Texas Mob After Negro.

Waco, Tex., July 15.—A negro who is believed to be Frank Majors, who made a brutal attack on a white woman in the southern part of this county Tuesday night, stabbing and beating her into unconsciousness, has been captured at Cameron. The prisoner was spirited away by the officers as mobs were in pursuit. The negro before being catured ran from the officers as mobs were in pursuit. The negro before being captured ran from the officers and was fired upon receiving several severe wounds.

THE SOUTHERN BELL WILL EXTEND LINES

Long Distance Line Will Connect This City With Outside World.

THE SERVICE WILL BE GOOD

Nothing But Best Material Will be Employed in System, and Gainesville May Talk to New York With Perfect Distinctness—Big Improvement.

The Southern Bell Telephone and Telegraph Company, which is one of the largest and strongest organizations of its kind in the world, proposes at no distant day to place Gainesville in a position where her people can talk not only to points in Florida, but to every city of importance in the United States. It will be a big convenience for a person in Gainesville on a few moments' notice to be enabled to talk to parties in Atlanta, Macon, Savannah, New York, Chicago, Cincinnati and many other points, and it tends to show that the country has an eye on Gainesville and its progressive spirit, and the Southern Bell proposes to furnish these particular conveniences; first, because they believe that it will pay, and second, because they are desirous of giving the people of this city as convenient and efficient service as any other point.

This is no dream, but an absolute certainty. For several weeks the Southern Bell has had a force of men engaged in this section, with headquarters in Gainesville. These men have been sent here for the purpose of arranging for the construction of a long-distance line to Starke, Jacksonville and intermediate points, and the work is fairly under way. The right-of-way, it is learned, nas been secured, the contract for the poles has been made, and the wire and other material is here—in fact, the latter has been here in storage for the past month. It is expected that work will begin as soon as the construction "gang" can arrive, and within the next few months Gainesville will be in a position to converse with the outside world.

This system, like all other lines owned by the Southern Bell, will be first-class. Nothing but the best of materials, including a heavy copper main wire, will be used, and when completed Gainesville may boast of having one of the most perfect long-distance telephone systems in the world.

Good for Stomach Trouble and Constipation.

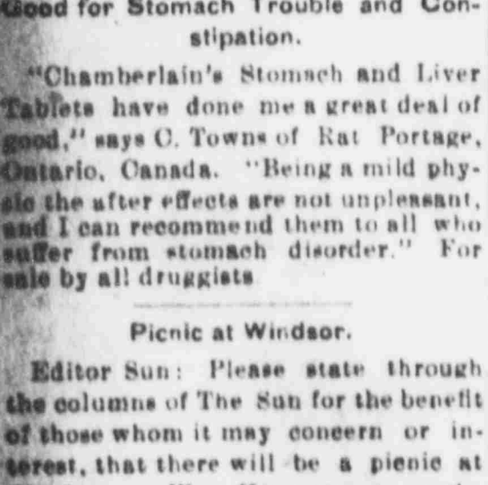
"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists

Picnic at Windsor.

Editor Sun: Please state through the columns of The Sun for the benefit of those whom it may concern or interest, that there will be a picnic at Windsor, on West King street, on the first Saturday in August. Music and dancing will be enjoyed under the large oaks. Ice cream and lemonade will be plentiful. Come with well filled baskets and a joyful heart, and we will regret the hour when we must part. COMMITTEE.

Buy It Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life. For sale by all druggists.



Kerosene Engine.

Absolutely the safest and most economical power now on the market. All sizes—1½ to 20 horse power. Write for prices.

This engine is not a "Jack at all trades" with dynamos or batteries and sundry triggers to keep you "puzzled," but it IS a "Cracker Jack" to do your work, and no mistake. Sold under full guarantee or your money back. Simplicity itself.

GEO. W. MOYERS,

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

THE NEWS FROM ARNO.

Election for Sub-School District Trustees—Personal Notes.

Arno, July 14.—Your correspondent has been so very busy harvesting his peach crop for several weeks that news from Arno has been neglected.

The peach crop did not reach more than one-half what it had been estimated to be and returns were not so good as last year. F. P. Henderson and W. M. Gramling both think the cause was caused by using the wrong formula of fertilizer, as the fruit was poorly colored and had very poor carrying qualities. The trees, however, are looking better than usual and the orchards look very promising for another crop.

Corn in this community is below the average in condition, but the cotton crop is above the average for the time of year.

The election for trustees for the Stroble district was held today with the result that M. A. Osteen, W. F. Barry and L. W. Knight were elected trustees for the ensuing term without opposition, with Prof. DeLand as principal and Miss Rosa May as assistant, and the prospect of a united and enthusiastic patronage. The outlook for the Stroble school is very good. Everyone that we have heard speak of the appointment of the above teachers to this school are very much pleased.

Rev. F. M. Hartman, pastor of the Forest Grove Church, has announced that at his next appointment here, which is the first Sunday in August, he will hold a series of meetings and Dr. Rogers, pastor of the Baptist church in Gainesville, is expected to assist him.

John F. Cox, mayor of Lakeland, wife and children have returned to Lakeland after several days visit with F. P. Henderson, Mrs. Cox's father.

Miss Lessie May, who has been very sick at Dunnellon, has so far recovered that she has returned home to the great joy of her family and many friends. Her early recovery was perhaps due more to the nursing by her devoted mother, who went to her immediately upon hearing of her illness.

Miss Annie Price has just received the appointment as a teacher in the school at Abbeville, Ga., where she attended school last year. Her sister, Miss Ida, will go with her and attend the school the coming year.

Mrs Rainey is visiting her daughter, Mrs. W. F. Barry, this week.

Mrs. T. J. Terry and children have returned from an extended visit to Columbia county.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured [illegible] of asthma which had been growing [illegible] for twelve years. If I had take[n] at the start I would have been sa[ved] years of suffering." [illegible] & Co.

THE SPECIAL SCHOOL ELECTION THURSDAY

Several Precincts Voted Upon This Question and All Carried.

EXTENDING THE ADVANTAGES

The People Are Now Awake to the Necessity of Good School and Longer Terms, and are Asserting Their Rights by the Ballot.

An election was held in several districts throughout the county Tuesday to determine whether or not certain districts should be made sub-school districts, whether other districts should be extended, and for the selection of trustees for a number of sub-school districts.

The returns were received Friday from Arredondo, Archer, Hague, Santa Fe, Perseverance, High Springs, Orange Heights, Windsor and Rocky Point.

While the returns will not be officially canvassed until next Tuesday, it is understood that all precincts voted for the new districts or the extension of districts. The three-millage assessment was also approved.

In Gainesville it is understood that the voters agreed to extend the territory, to pay the three-mill tax, and also re-elected Messrs. W. W. Hampton, J. H. Vidal and George W. Hyde as trustees. These gentlemen in the past have demonstrated that they were competent to handle the school affairs of the district, and the people were so well pleased that they gladly voted to return them.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

AFTER INCENDIARIES.

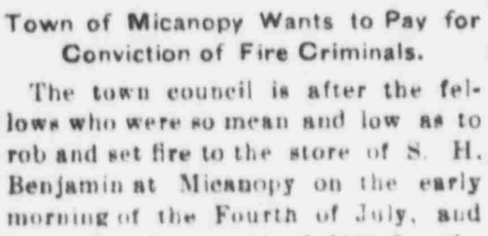
Town of Micanopy Wants to Pay for Conviction of Fire Criminals.

The town council is after the fellows who were so mean and low as to rob and set fire to the store of S. H. Benjamin at Micanopy on the early morning of the Fourth of July, and have offered a reward of $100 for the apprehension and conviction of the guilty parties.

The people of Micanopy are a loyal set, and do not believe in anything that is not fair, even in competition. They are desirous of protecting their interests against the invasion of firebugs and burglars, and are willing to spend their money for the purpose of bringing this thing to a stop.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1. Sold by W. M. Johnson.



Because they are the best in the land for the money!

Ask you dealer for the "Sunny Jim" Shoe and insist on getting it.

COMPANY REORGANIZED.

Miller & Mallard Company Consolidated With J. R. Porter.

The Times-Union of the 11th inst. has the following to say regarding the reorganization of the Miller & Mallard Grocery Company, which will be of interest, since the parties connected with the firm are erstwhile residents of Gainesville and Alachua county:

"The reorganization of one of the large wholesale grocery companies of Jacksonville took place recently, when J. R. Porter became connected with C. B. Mallard and others and a general change in the personnel of the Miller & Mallard Company was effected.

"Philip Miller, who was the senior member of the former firm, retires from active connection with the company and J. R. Porter has combined his business and that of the new concern. The company is to be known as the Mallard-Porter Company. The officers of the company are as follows:

"President—C. B. Mallard.

"Vice-Presidents—J. R. Porter and A. B. Chitty.

"Secretary—C. N. Kirkland.

"Treasurer—C. N. Griffin.

"A. B. Chitty, who came here several months ago, and has been identified with another wholesale concern, has cast his lot with the new company, and will be one of the most active members of the firm in the management of the business. He is a young man of good business training and brings to the firm a knowledge of the conditions of the State which will be of great value."

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

The News From Alachua.

Alachua, July 13.—Dr. J. W. Bishop of Newberry was in town Sunday and Monday visiting his uncle.

A. D. Walker, after a pleasant visit to relatives, returned home on Friday last, much to the regret of some of the young ladies.

Dr. J. L. Cloud is again made to feel glad by the arrival at his home of a permanent boarder. It's a bouncing big boy.

Alachua continues to grow rapidly, and better times are predicted when the Atlantic Coast Line Railway has completed its new tracks here, making it possible to have through trains by here from Tampa, Tallahassee, Live Oak and Lake City to Jacksonville and return on same day, as it is understood they will give in a few weeks, except from Tallahassee, which we will have as soon as the Jacksonville & Southwestern division is completed.

C. A. Williams has gone North for the purpose of buying goods and spending the hot months.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

FRANK CLARK HERE.

Congressman From Second District Visits His Friends in Gainesville.

Among the visitors to Gainesville Thursday was Hon. Frank Clark of Lake City, Congressman elect from the Second District, who came down on a professional visit.

Col. Clark's friends here were delighted to welcome him again after his campaign visits here, as he came to them as a "plain friend"—that is, not as a campaign worker, but just as an every-day citizen, when he could meet his friends in a casual way. It is needless to add that he was warmly welcomed here, as Frank Clark has as many friends, socially or politically, as any other man in Florida.

Mr. Clark did not come to talk politics, because he is through with that strenuous life which keeps a man in a nervous state, "always obliged," but was here to discuss some legal questions with Attorney Syd L. Carter. However, he was as usual glad to meet his friends, and discussed everything of a public interest except the University matter, which he declared in a good-natured way was "better left to the people."

Col. Clark, in reference to the proposed government building for Gainesville, stated that when he reached Congress he would do all in his power to secure the increased appropriation, which had already been assured through the influence of his predecessors and colleagues. "You may say without fear that this increased appropriation is going to be made," he added, "because my predecessors have worked hard and have made good progress, and you may feel sure that the matter will be properly attended to in the next Congress."

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

Judge Mason's Court.

In Judge Mason's court Thursday there was an interesting case, being the case of T. R. Pickett vs. D. J. Richbourg, replevin of a horse. The case was argued without a jury, the matter being referred to the Judge. The decision was rendered, after the argument, in favor of the defendant. Christopher Matheson represented the plaintiff, while E. A. Thrasher appeared for the defendant.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

The most careful farmers and gardeners everywhere place confidence in Ferry's Seeds—the kind that never fail.

FERRY'S SEEDS

have been the standard for 49 years. They are not an experiment. Sold by all dealers. 1905 Seed Annual free for the asking.

GREAT MID-SUMMER COST SALE

...OF...

Men's Suits, Dry Goods, Shoes, Hats, Gents' Furnishings and Notions.

An Event of Interest to Economical Clothing and Dry Goods Buyers!

Twice a year, in January and July, we clear our stock of all the goods left from the season's selling. It is better for us to take our loss than to carry the merchandise over. This is a bona fide sacrifice sale, as all folks have good reason to know who have patronized us in the past. If you have never been here at such a time a brief visit will convince you.

A Thrifty Man or Woman Can Pick Up Bargains Here Worth Coming a Long Way to Find.

In many sections of town and county these sales have become neighborhood talk. One person tells another. Purchases are shown to friends. Each sale brings a larger and more eager throng for the good things offered.

Our Mid-Summer Sale Opens Friday, July 21.

and will Continue 8 Days,

and includes all our Men's Suits and Dry Goods in medium or light-weight; Underwear and Socks, and the odds and ends of our splendid stock of Ties and Neckwear.

Terms: SPOT CASH TO ALL!

Respectfully,

The anti-cigarette law was not passed by the last Legislature, as many supposed. At least, no such law was ever presented to Governor Broward for his signature.

An Ohio man who has always worked hard says he is 105 years old. Some people are born lucky. There is a man in Georgia who has always worked hard and is only 50.

Walter Taylor, the man who assaulted Congressman Lamar three years ago, and was sentenced to five years in the penitentiary, has been refused a pardon by the State board, and will serve his time. Pardons are not so easy to get at present.

The boll weevil is doing much damage to cotton in Louisiana and Texas, while in Tennessee and Northern Mississippi many fields have been abandoned to grass, as the continued rains have interfered with cultivation. The Carolinas and Florida are the only States that are not reported with too rank growth, according to the weekly bulletin.

There is no apparent let-up in the building industry in Gainesville and the many new residences and business places are advancing toward completion as rapidly as possible, owing to the shortage in material. This has caused the only drawbacks so far this season, and several people are waiting and ready to build new homes as soon as the material can be secured. Real estate may advance some owing to the location of the University in this city, but there are many good building lots to be had at reasonable prices in good localities

The colored people of Atlantic City, N. J., are contemplating trouble because the managers of that famous resort will not rent them bathing suits and allow them to go in bathing with the white people. We have always maintained that the Northern people did not understand the problem regarding the negroes. In the South, where they have been known for many years and the people have a keen sense of their needs and are willing to help them along in nearly every needful manner, above all things else they are never denied the privilege of bathing at any and all times. In fact, they are encouraged in this [illegible]

PHOSPHATE PRODUCTION.

"The year 1904 was a prosperous one for the producers of phosphate rock in the United States," says Dr. Edmund Otis Hovey of the United States Geological Survey in a report recently published on the production of phosphate rock in 1904. More rock was mined than ever before, and better prices were obtained than have been reported since 1893. Many farmers report production and sales during 1904, but the bulk of the business was carried on by a comparatively small number of large producers. Consolidation seems to be the order of the day.

The total quantity of phosphate rock marketed from the mines during 1904 amounted to 1,874,428 long tons, valued at $6,873,625, an increase in quantity over the output of 1903 of 292,852 long tons and $1,554,331 in value. The total quantity of phosphate rock reported as mined during 1904 was 1,991,169 long tons, as compared with 1,618,799 long tons in 1903. A stock of 116,741 long tons is reported as having been on hand January 1, 1905. On the other hand, the sale of 66,245 long tons of the quantity of phosphate rock on hand January 1, 1904, is reported.

The State of Florida continues to be the largest producer of phosphate rock in the United States, its output forming more than one-half the total production of the country. A comparison of the production by varieties in this State during 1902 and 1903 shows that there has been an increase of about 29 per cent in the output of hard rock, an increase of about 18 per cent in that of land pebble, and an increase of more than 43 per cent in that of river pebble. The total marketed production of Florida phosphate was 1,072,951 long tons, valued at $3,974,304, as compared with 860,336 long tons, valued at $2,986,824, in 1903, which shows an average increase in value per ton at the mines from $3.47 in 1903 to $3.70 in 1904. The reports also show that 72,647 long tons of hard rock were mined but not marketed, and that 57,511 long tons of the stock carried over from previous years were marketed in 1904. Hence the total quantity mined was 1,088,087 long tons.

In South Carolina the diminution in production which has been shown by the reports for the last five years has received a slight check. There was an increase of 11 per cent in the production of land rock, which more than made good the continued decline in river rock. The total production of South Carolina phosphate rock in 1904 was 270,806 long tons, valued at $861,317, as compared with 258,540 long tons valued at $783,803 in 1903, distributed as follows: Land rock, 258,806 long tons, valued at $830,117, as compared with 233,540 long tons valued at $721,303 in 1903; river rock 12,000 long tons valued at $31,200 in 1904, as compared with 25,000 long tons valued at $62,500 in 1903.

Tennessee showed in 1904 the largest marketed output since the beginning of the industry eleven years ago. The marketed production of the State for 1904 was 530,571 long tons valued at $2,037,804, as compared with 460,530 long tons valued at $1,543,567 in 1903. The increase in average value at the mines was $3.35 a long ton in 1903 to $3.34 a long ton in 1904.

Pennsylvania is the only other State that reported a production of phosphate during 1904. It reported but 100 long tons valued at $200.

The imports of fertilizers during the year had a total value of $1,324,189. These included 37,127 long tons of guano valued at $498,702 and 134,467 long tons of crude phosphates and other substances used for fertilizing purposes and valued at $825,487.

FROM OUR FRIENDS.

Since the Board of Control has decided to locate the University in Gainesville, we have received many letters of congratulation, some of which will be highly appreciated by our people. We append a few:

"BOWLING GREEN, Ky., July 12, 1905.
"HON. H. H. MCCREARY,
"Gainesville, Fla.

"MY DEAR SIR—I am glad to know Gainesville succeeded in getting the University. If the right man is put at the head, Florida will have a University in fact as well as in name.

"Very truly,
"J. M. GUILLIAMS.

Senator McCreary has a personal letter from a member of the last Senate, which says: "I congratulate the people of your city upon securing the State University. This is especially agreeable to me from the fact that I now know that my efforts in behalf of [illegible] against my wishes, have been to the material advantage of those whom I have always regarded as among my best friends."

The following letter needs no comment from us, coming as it does from one of the faculty of the East Florida Seminary—a noble man and eminent instructor:

"BARNESVILLE, Ga., July 13, 1905.
"THE GAINESVILLE DAILY SUN,
"Gainesville, Fla.

"GENTLEMEN—Enclosed find postoffice order for $2.50 to pay my subscription to The Sun. The issue bringing me the glad news that Gainesville gets the University was worth the money and more. Great is Gainesville and verily The Sun is its prophet.

"Yours truly,
"G. F. OLIPHANT."

PRESIDENT SLEDD.

There is an old saying among sailors that seldom fails to prove true, that "you can always tell a craft by the cut of her jib." This may not always apply to men, but it is often the case that those who would impress the people frequently assume what they are not and inculcate a wrong idea.

President Sledd of the University of Florida made his first visit to Gainesville on Friday. The first impression one gets of this man of letters is that he is a shrewd business man. He makes no effort to convey the idea that he is anything but one of the people, although he has a reserve about him that one cannot help but admire.

He is a comparatively young man, enthusiastic on educational matters, full of ambition for the welfare of the University and a man who will put life into whatever he undertakes when sustained by a people who are ready to do their portion.

President Sledd will find the people of Gainesville in accord with educational advancement, and if we mistake not, the people will find him a progressive director of the affairs of the University, well fitted by education and experience to advance it along the highest plane of efficiency.

MUST PAY FOR GROWTH.

The Index simply "rises to remark" that Gainesville was awarded the University in spite of the fact that the State of Florida has large investments in Lake City. This will be a matter that the taxpayers of Florida will have their attention called to at the proper time and those who are guilty must pay the penalty.—Lake City Index.

The only trouble in this case, when it comes to paying taxes, if there is any to pay on, the saint and the sinner will fare alike, and if they like it and want it, let 'em have it. It is the old story of the capital removal question several years ago. Oh, so many people said why remove the capital when a building already exists? Why tax us for what we already have? It went for Tallahassee and it didn't alter the situation. It was $75,000 for enlargement, now $25,000 for a governor's mansion, and more money for capitol room. You must pay for your growth, improvements and facilities. In this case it was only whether they should go to Lake City or Gainesville, and the board chose the latter.—Ocala Star.

We remember reading of a lady of quality in London, Eng., saving the life of a child in the street who was bitten by a mad dog by sucking the virus from the wound. But from Stroudsburg, Pa., comes the story of Miss Lucy Ernest, 16 years of age, who saved the life of a boy that had been bitten by a rattlesnake. The rattler struck the boy in the right arm. The girl ripped his shirt sleeve open and saw his arm was getting dark. She took his penknife, cut a gash in the arm and sucked the poison from his arm, thus saving his life at the peril of her own. If ever a person was entitled to a medal, Miss Lucy Ernest is that person.

There is no discount on Florida. Her resources are not tourists as a whole. There is room for business here, but it will be "standing room only" if the pace keeps up.

Chauncey M. Depew has become resigned to his $20,000 salary as special counsel of the Equitable, but has not resigned as director.

LLL

The following is one of many unsolicited testimonials:

Dothan, Ala., April 16, '04.

I have used Lamar's Lemon Laxative in my family and would not be without it. It is certainly a valuable medicine.

J. A. MAY, Chief of Police.

Lamar's Lemon Laxative cures Constipation, Biliousness, Indigestion and Headache. Acts promptly and powerfully on the bowels yet is gentle and pleasant in action—does not gripe or sicken. It can't hurt you—it can help you.

On sale at all good drug stores. 50 doses for 50 cents.

OWNED AND MANUFACTURED BY
LAMAR, TAYLOR & RILEY DRUG COMPANY, Macon, Ga.

WHAT THEY THINK.

It has now got to the stage—and very properly, too—where the merchant who does not think it worth while to advertise his goods in the newspaper is regarded by the public as not having anything worth advertising. At any rate the merchants who advertise in The Journal are the ones with whom the buying public does its business.—Pensacola Journal.

ALWAYS WALKED.

A Russian conductor recently bit his tongue in two. He must have been trying to call the names of some of the towns that his train went through.—Atlanta Journal.

The Journal man evidently never rode on the cars. A conductor don't call the names of towns his train passes through. Only the ones where the train stops.

There is no denying the fact that the State institution at Chattahoochee needs a thorough investigation. The men and women about such places should be the best that can be secured, and it should also be borne in mind that their duties are very trying. But the superintendent should be a man and no politician or demagogue.

The latest reports are not sure as to whether dynamite or nitro-glycerine is the favorite explosive that will be used to blow up the Czar. Whichever is used will give the administration an upward tendency.

The strawberry growers of North Carolina will sue the Atlantic Coast Line for upwards of $100,000 for damages to crops in not getting their berries through on schedule time.

Ever since Gen. Stoessel surrendered Port Arthur the Russians have been looking up evidence to have him shot or otherwise punished. They think they have him now.

And now Dade county blossoms forth as a cotton producing locality. It is claimed they can raise as fine Sea Island cotton as any section and it is good news.

The Japanese government has no use for bandits. They hanged 60 in six days in the country surrounding Taikiu.

Cotton sold on the streets of Marianna Wednesday for 11 cents.

SENT UP FOR LARCENY.

Will Jenkins Broke Into Another Man's Trunk and Must Pay Penalty.

Because Will Jenkins desired to wear clothes better than he could afford to buy for himself, he forced an entrance into the wardrobe of his former friend, Oscar Walker, at Archer, and took therefrom certain articles of clothing, including trousers, coats and vests, as he thought would best become him, and proceeded to make away with them. Oscar did not appreciate this state of affairs, however, for when he saw that his best Sunday clothes were gone he began to make a "kick," and made complaint against the man whom he declared he had befriended when he was in hard luck by buying him cake, pie, etc., to appease his hunger.

Jenkins was arrested and arraigned before Justice Chamblin, Archer, when he was sentenced to give up the clothes and pay a fine of $25 and costs, or spend three months in the county gang. Having failed to respond to the financial requirement, the prisoner was brought to this city Saturday by Deputy Sheriff Curl, and will be compelled to spend the term in prison.

Jenkin's breath came in long "pants" when he heard the decision of the "coat" in the matter, but he declared he could no in-"vest" the amount of the fine, so he decided to "butt-on."

M'LENDON MADE MELONS.

Shipped Thirty Cars From Ninety Acres, But Prices Were Poor.

W. T. McLendon of Alachua, one of the best known citizens in that section and probably the boss melon grower of the county, was among those who came to Gainesville on business Saturday.

Mr. McLendon is one of the cleverest fellows in the world, but if he enjoys more prestige in one reputation than another, it is certainly his reputation as a melon grower. It seems that he has the faculty of making two melons grow where only one grew before, with the result that he has produced probably a more prolific yield than any other man in Alachua county in proportion to the acreage planted.

This enterprising grower, full of hope that he would reap a good financial harvest this year, planted ninety acres of melons, from which he shipped thirty solid carloads. The prices were poor, which was due to the market, and not the quality of the fruit, for it was as fine and luscious as ever left the State; but the markets were glutted, and Mr. McLendon, like the gentleman from Binghamton, merely "paid the freight" in the majority of instances. However, he is not discouraged, and will plant another good crop next season.

HALL'S VEGETABLE SICILIAN Hair Renewer
Always restores color to gray hair, all the dark, rich color is used to have. The hair stops falling, grows long and [illegible] and all dandruff disap[illegible]

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Odd Fellows' lodge at Lakeland is to be resusticated.

The bricklayers of Palatka, who were on a strike, have resumed work.

They are giving water parties at Palatka—getting accustomed to local option.

A new Catholic church is to be built at Jacksonville, to cost upwards of $75,000.

An addition to the Miami school building, to cost upwards of $2,000, will be erected.

An effort is being made to change the county seat of Washington to Chipley or Vernon.

The orange crop in the vicinity of Mt. Dora will be much larger than was anticipated.

Dade county will not make any exhibit as a county at the Mid-Winter Fair at Tampa.

The Reddick cannery has shut down for the season, and the goods are being labeled and shipped.

The Lake City postoffice has been advanced to second class and the people are now entitled to free mail delivery.

The Ocala Star is trying to create a little enthusiasm among the business men there to boom the beautiful Silver Springs resort.

The people of St. Augustine are well satisfied to learn that the institution for the deaf, dumb and blind is to remain in that city.

The construction of a rock road from Miami to Jacksonville will no doubt be the next enterprising move of the East Coast hustlers.

Hinkle & Son of Georgia have purchased the timber on 19,000 acres of timber land belonging to Hodges & O'Hara of Fort McCoy, Marion county. The consideration was $135,000.

While a Pensacola family was absent from home enjoying their summer cottage, a burglar entered the residence, took a bath and an outfit of the owner's garments, besides $500 worth of plunder. He was not out for his health alone.

The famous Nocatee grove at Arcadia, the property of Col. T. J. Watkins, has been sold to E. A. Thomas of that place for $100,000. It has 110 acres in grape-fruit and oranges. Col. Thomas is now the most extensive orange grower in the State.

The first carload of canned fruit put up by the Planters' Packing and Preserving Company of Delray was shipped from that place this week to Hemingway & Co. of Syracuse, N. Y. It was made of 1,010 cases and weighed 40,000 pounds, and brought over $3,000.

While returning from target practice on Wednesday afternoon, Captain Eugene Masters of the St. Augustine Rifles was thrown from a wagon, his head striking a bolt and lacerating the scalp so that fifteen stitches were necessary in dressing the wound. He was taken to the railroad hospital.

A visitor in the city Wednesday, who had just arrived from points in Ohio and Pennsylvania, was heard to express surprise that St. Augustine people enjoy such beautiful summer weather. He said it was much cooler and far more delightful here than in the towns and cities in the North, where he had been sojourning.—St. Augustine Record.

The "Miami Kids" Ball Club is to make a tour of the State. They intend to first take the Titusville club into camp if games can be arranged, and then move on up the State, going to Daytona, St. Augustine and Jacksonville, where they will play the best amateur teams. From Jacksonville the club will probably go to Fernandina and then progress down the West Coast, taking in Gainesville, Ocala and Tampa.—Miami Metropolis.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

OFFICIAL SURVEYORS HAVE ARRIVED HERE

Are Accompanied by Dr. Andrew Sledd of the University.

WILL SURVEY THE GROUNDS

Dr. Sledd and Party Visited the New University Site and Expressed Themselves as Well Pleased—Work of Surveying to Begin Monday.

From Saturday's Daily Sun.

Matters have assumed a rather definite proportion in the matter of locating the University of Florida in Gainesville, since the surveying corps has arrived in the city and are preparing to begin the actual work of laying off the University grounds.

Prof. N. H. Cox, professor of civil engineering, and his assistant, P. G. Exman, accompanied by Dr. Andrew Sledd, president of the University, arrived Friday, and in the afternoon, in company with Mayor W. R. Thomas and others, visited the grounds recently donated by the city, about one mile west of the court house. After careful examination of the grounds, Dr. Sledd expressed himself as being pleased with the location, as a better site could not have been secured.

Prof. Cox expects to begin the actual work of laying off the grounds Monday morning and will be engaged for about two weeks. He will be assisted by Surveyor J. W. Patton and a local force.

In speaking of the University Friday, Dr. Sledd stated that the faculty for the coming season would be the best the state has ever known, and will equal anything in the South. There will be ten Ph. D.'s, which have been selected from the leading institutions of the world, and the other members of the faculty will be specialists in their respective branches. Dr. Sledd is very sanguine that the coming session of the University will prove a great success, and he and his efficient faculty are determined to work to that end.

Dr Sledd expects to make his departure today for Lake City, but the people expect to see more of him in future. This is his first visit to Gainesville and he is well pleased with both the city and its people.

Forced to Starve.

E F Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

The Brannan-Whiting Wedding.

On Thursday afternoon the home of Mr. and Mrs. C. E. Whiting was the scene of a very pretty but quiet wedding, the contracting parties being Chas. L. Brannan of Tampa and Miss Mattie Whiting of this city.

Only a few intimate friends and members of the family witnessed the ceremony, which was performed by Rev. S. B. Rogers of the First Baptist Church precisely at 4 o'clock. Mrs. C. H. Buell, as matron of honor, and Miss Fannie Whiting as bridesmaid, entered the parlor followed by the bride leaning upon the arm of her father. They were met at the center of the room by the groom and his best man, C. H. Buell, where the beautiful and impressive ceremony was performed which joined together two loving hearts to beat as one.

The bride, always pretty, was never more so than on this occasion. She wore a gown of white mull and carried in her hand a bouquet of white azaleas. She was a vision of fairy loveliness from the crown of her lovely tresses to the soles of her dainty slippered feet.

The groom wore the conventional black and looked all that he is, noble and handsome.

After the happy couple received congratulations of their friends, delicious refreshments were served informally.

After about two weeks spent with relatives and friends in this city, Mr. and Mrs. Brannan expect to make their departure for Tampa, where they expect to reside in the future.

Mrs. Brannan has many friends in this city won by her sweet and lovable disposition, all of whom will extend congratulations and regret her absence in their midst. A GUEST.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M. Johnson.

Adams-Getzen.

Miss Julia Maude Getzen and Dr. J. Benj. Adams were quietly married Wednesday afternoon at 5 o'clock at the home of the bride's parents, Capt. and Mrs. T. W. Getzen of Fort White. Rev. N. B. Plummer, a Baptist divine of Ocala, performed the ceremony. The bride was beautifully gowned in white silk with the tulle veil and orange blossoms. The groom wore the conventional black. Dr and Mrs. Adams will make their future home in Augusta, Ga., where Dr Adams has a lucrative practice. A GUEST.

Indigestion.

With its companions, heartburn flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

Young Woman Burned to Death.

Nashville, Tenn., July 14—Mrs. Hardaway was burned to death at her home on Arrington street. She had sprinkled gasoline over the floor of her room liberally to destroy insects. Shortly afterward she entered the room and struck a match. There was an instant explosion and her clothes were ignited, causing her death.

CASTORIA

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher.

Killed Young Man Over Woman.

Wheeling, W. Va., July 14—William M. Ray was stabbed to death today by John Hawthorne at Ashton, near here. The young men were rivals, the killing being done in the presence of the woman who was the incidental cause of the tragedy.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

BALLARD'S SNOW LINIMENT

A SURE CURE FOR RHEUMATISM, CUTS, SPRAINS, WOUNDS, OLD SORES, CORNS, BUNIONS, GALLS, BRUISES, CONTRACTED MUSCLES, LAME BACK, STIFF JOINTS, FROSTED FEET, BURNS, SCALDS, ETC.

AN ANTISEPTIC that stops Irritation, subdues Inflammation and drives out Pain.

PENETRATES the Pores, loosens the Fibrous Tissues, promotes a free circulation of the Blood, giving the Muscles natural elasticity.

CURED OF PARALYSIS

W. S. Bailey, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which effected a complete cure. I have also used it for old sores, frost bites and skin eruptions. It does the work."

ERSONAL AND SOCIAL ITEMS

at Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" in The Sun.

From Friday's Daily Sun.

J. M. Shaw of Bellamy was trading in the city yesterday.

M. M. Clyatt of Otter Creek was transacting business in this city yesterday.

O. R. Green of Windsor was in the city yesterday. He called at The Sun office and had his name enrolled on the subscription list.

S. E. Bauknight, formerly of this city but now of Central, was in the city yesterday and dined with Mr. and Mrs. M. B. Saunders.

D. M. Dean, the naval stores operator of Espanola, arrived yesterday, and will visit his family here for the next two or three days.

Frank McDavid of LaCrosse was in the city yesterday. Mr. McDavid is a prosperous farmer of that section, and brought a number of fine chickens to market.

Repairs are being made on the shed, Porter block, East Union street, which will make quite an improvement, since pedestrians may now keep dry in inclement weather.

M. Parrish and family, who have been residing in the Bennington section for the past six months, are now pleasantly located in the Starke cottage, North Gainesville.

F. M. Ramsey of Wacahoota was in the city yesterday and made The Sun a short call. He says crops have been good in his section and cotton will be fine if the rain does not interfere.

W. P. Shettleworth of Evinston, one of the leading citizens of that section, was in the city on business yesterday. Mr. Shettleworth states that the watermelon season is almost at an end in his section, and that as a rule the growers are satisfied with prices.

The young people of North Gainesville, always bent on having a good time, participated in a pillau at the Campbell grove last night. There were a number present, and it is needless to add that those who attended enjoyed the function hugely.

Polly Randolph, mother-in-law of Moses Parrish, colored, died in this city Wednesday, aged seventy years. The remains were shipped to Monticello, the former home of the deceased, yesterday. Deceased was one of the oldest and most widely known residents of Monticello and was one of the old servants of the Denham family, who will see that she is properly interred.

Mr. J. M. Peeler, formerly of this city, and Miss Madge Jones of Jacksonville were united in marriage at 8 p. m. on Wednesday in the latter city. The bride is an accomplished lady of Jacksonville, where the groom is engaged in the practice of law. He is a nephew of R. B. Peeler, former county treasurer, and grew up in our midst. Their many friends unite in congratulations.

From Saturday's Daily Sun.

Eyes examined free. Go to New York Racket.

T. T. Weeks of Santa Fe was trading in the city yesterday.

Mrs. [illegible] Wood of Archer was shopping in the city yesterday.

H. A. Beckett of Newberry was among the visitors to this city yesterday.

Ansel Barrett of Newberry was among the visitors to Gainesville yesterday.

[illegible] of Fort White was in the city yesterday on a visit to Mr. and Mrs. [illegible] Bunch.

E. M. Dean, the naval stores operator of Espanola, was transacting business in the city yesterday.

Johnnie White of Newberry, a jeweler of that town and one of the leading citizens, was in the city yesterday.

Charles A. Cassett of Bell is in the city. Mr. Cassett is one of the most widely known young men in that section.

John Hussey, one of the progressive merchants of Arredondo, was among the business visitors to Gainesville yesterday.

Professor Hall Malphurs of Orange Heights one of the most competent young teachers in the county, was in the city yesterday.

A marriage license was issued yesterday to Henry Cox and Miss Alma Howard of Fairbanks. These young people are quite popular and friends will extend congratulations in advance.

C. W. McDonald of Rocky Point was in the city yesterday. Mr. McDonald was elected a trustee of the Rocky Point school at the election Thursday and his friends extend congratulations.

W. B. Holder of Santa Fe, one of the most prominent citizens of that section and a trustee of the Santa Fe school, was in the city yesterday, having come to bring the ballot box for the election Thursday.

Notice is hereby given that I will not be responsible for any debts contracted by my wife, Mrs. Annie E. Bailey, and persons crediting her or trading with her, do so at their own risk. JAMES S. BAILEY, Newberry, Fla., July 7th, 1905.

Saluda, 2,300 feet, in mountains of North Carolina. "Home Cottage," shaded grounds, lovely situation. Fine view of mountains. Table best. Cool, bracing. Blankets at night. Rates reasonable. Address Mrs. A. R. Elmore, Saluda, N. C.

L. T. Roux of Williston is spending several days in the city with his brother, F. A. Roux. Mr. Roux was formerly a resident of Gainesville, where he was superintendent of the waterworks, and has many friends here who are always glad to see him.

Among the prominent East End folks who visited Gainesville yesterday were R. P. Lumpkin and W. P. Boulware of Orange Heights. Mr. Boulware reports plenty of rain and crops looking fine, with the result that the farmers are happy and contented.

The Waldo correspondent of The Times-Union says: "Professor J. H. Coffee, principal of the Waldo white public school, has resigned as teacher in the colored normal school at Tallahassee on account of objections raised by some patrons here to his teaching in a colored school."

J. E. Parker of LaCrosse, one of the most widely known young men in that section, was transacting business in this city yesterday. Mr. Parker reports crops good in his section, with the result that the planters are happy. The prospects for a prolific cotton crop were never better at this season.

Judge Horatio Davis left yesterday for his old home near Danville, Va., where he expects to spend the remainder of the summer. Judge Davis owns a fine farm in that section, where he spends every summer it is possible for him to leave his business. Friends wish him a pleasant and beneficial sojourn.

W. C. Nixon of the English Colony was trading in the city yesterday. Mr. Nixon moved to the Colony from Georgia during last fall and is well pleased. He declares that a good living can be made here with much less exertion than in his home State and proposes to induce a number of his friends to locate here.

H. C. Cato of Alachua, formerly tax collector of Alachua county, was in the city yesterday. Friends of Mr. Cato will regret to learn that he is in very poor health, having suffered a great deal within the past few months with lumbago and rheumatism. It is with the greatest difficulty that he is enabled to walk.

Mr. and Mrs. B. M. Tison have left the city, after several weeks spent pleasantly here. Mr. Tison goes to Louisville, Ky., where he will resume his studies with the Louisville Medical College, while his good wife will stop with her parents, Mr. and Mrs. C. M. Russian, Vienna, Ga., for the remainder of the summer.

READ THIS.

PRYOR, TENN., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

W. J. Stalvey, a successful planter of Cadillac, was trading in the city yesterday. Mr. Stalvey states that the people of his section are prosperous. The Griffing Bros. Company and others shipped thousands of crates of choice peaches from that section during the past season, which employed a large number of hands and kept considerable money in circulation. The Cadillac peach is noted for its handsome appearance and excellent flavor, hence the returns were very satisfactory.

From Sunday's Daily Sun:

R. S. Bradley of Wacahoota was trading in the city yesterday.

Mrs. J. A. Tucker of Rochelle was shopping in the city yesterday.

Paul Jones of Wade is visiting his grandparents, Judge and Mrs. H. G. Mason.

W. B. Crown, one of the leading truckers of Rocky Point, was trading in the city yesterday.

F. S. Osteen, the naval stores operator of Micanopy, was transacting business in Gainesville yesterday.

Mr. and Mrs. Joseph Moffatt of Micanopy have returned to their home from a visit to Mrs. Smith, Tampa, Fla.

George P. Morris of Waldo, one of the leading citizens of that progressive town, was in the city yesterday.

P. H. Baker, the naval stores operator of Campville, is in the city on a visit to his family, East Gainesville.

Warren G. English of Tacoma, one of the most widely known young men in that section, was trading in the city yesterday.

Miss Mamie Shutt left yesterday for Grove Park, where she will spend a few days as the guest of her friend, Mrs. S. F. Waits.

F. H. Hale of Prairie Creek, one of the valued employes of the Prairie Creek saw mill, was in the city on business yesterday.

Miss Kate Colding of San Antonio, Texas, is spending a part of her vacation visiting her cousin, Miss Emma Johnston of Micanopy.

C. M. McKinney and W. A. Sparks of Graham were among the visitors to Gainesville yesterday. They made The Sun an agreeable call.

O. D. Huff and son, Kirby, of Evinston, were among the visitors to this city yesterday. Mr. Huff is a progressive trucker of that section.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Prettiest five-acre tract in the county for sale, known as the Faulkenbury place, North Gainesville. Terms and price right. Apply to M. B. Saunders, agent. dawl

Great Bargains—Two full outfits, complete, one large and one small shingle mill, with boilers, engines, shafting, pulleys, etc., at a sacrifice. Geo. W. Moyers, Gainesville, Fla.

Mr. and Mrs. H. A. Ford and daughter, Lila, left yesterday for Ormond, where Mrs. Ford and daughter expect to recuperate for the next few weeks. Mr. Ford is expected home on Tuesday.

Among the prominent planters in the city yesterday was W. A. Strickland of Paradise, one of the most widely known and most prominent men in his section. Mr. Strickland is a thrifty farmer, raises plenty to eat at home and has produce to bring to market as well.

Miss Sarah F. Brown of Micanopy is in receipt of an "Elberta" peach, weighing thirteen ounces, circumference eleven inches, from the peach orchard of James B. Simonton, Adairsville, Ga. It is a thing of beauty, but will not be a joy forever, as the last of it will disappear today. The seed is already bespoken.

Mrs. W. G. Holland and grandson, Hogan Tucker, of High Springs, passed through the city yesterday en route to Jacksonville, where they go to attend the graduating exercises of the Commercial College, where the daughter of the former will receive a diploma in a commercial course. Mrs. Holland is one of the valued friends and subscribers of The Sun.

Chas. King of Old Town, civil engineer in charge of the grading of the extension of the Jacksonville & Southwestern Railway, was in the city yesterday. Mr. King states that the grading has been completed to a point about sixteen miles west of the Suwannee river, and a force of about 350 is now engaged in working westward towards Perry, a distance of fifty-five miles, the present terminus of the line. Trains are now running to Trenton, sixteen miles west of Newberry, on regular schedule, and the people of that section are jubilant over the prospects.

COUNCIL WILL BUILD FINE FLINT STREETS

City Council Ordered Complete Set of Machinery for That Purpose.

WILL BEGIN WORK SOON

Machinery is Expected Within Thirty Days, When Work Will Begin at Once. Surveyor Lyons Will Come Wednesday to Begin Survey for Sewerage.

Another step toward the advancement of the city has been taken by the City Council, which body, in special session, has decided to purchase improved road and street building machinery, and a resolution to that effect has been passed, and the order will be placed for the machinery Monday.

The order will comprise one ten-ton Kelly combination roller and harrower, one No. 4 Champion crusher and one twenty-horse power electric motor, which will be used as power in place of steam.

The action of the council was taken by motion of Alderman Benson, who has always been an enthusiast on hard roads and streets. University street was constructed under the direction of Alderman Benson as chairman of the street committee several years ago, and it has stood well, requiring very little repair.

Chairman Taylor of the street committee, who is also an enthusiast on streets or anything else for the advancement of the city, stated Saturday that the machinery would be ordered at once, and that it should arrive in Gainesville within three weeks, when it will be placed immediately in position. Chairman Taylor will proceed at once to ask for bids for supplying flint rock, of which there is an abundance in this county within a few miles of the city, and the lowest and best bidder will be required to go to work at once in the matter of mining the material. By the time the machinery arrives several hundred tons will likely be ready for the crusher.

The first work laid out by Chairman Taylor will be the repairing of University street, which has not had attention for some time, after which he will begin the paving of West Liberty street from Fifth street to the University grounds. At a recent meeting the council passed a resolution ordering this thoroughfare widened from sixty to eighty feet, which will permit of a grass plot on either side. Mr. Taylor proposes to superintend this work himself, and will see that a thorough job is accomplished.

The Material.

In speaking of the material to be used in the construction of the streets, Chairman Taylor stated that it was the purpose of the city to use a layer of Alachua lime rock, five inches in thickness and well packed, which will be followed by a coating of three inches of No. 2 and No. 3 flint, finely ground and thoroughly packed. This composition was used by the United States government experts here, and has proved to be a most lasting material. The government constructed one block here which has given entire satisfaction, being as hard and firm as a brick pavement.

The Sewerage Question.

It will be remembered that at a recent special meeting of the council the proposition of W. W. Lyons for submitting plans and specifications for a sewerage system was accepted. Mr. Lyons is now engaged in constructing the sewerage system in Palatka, but writes Chairman Taylor that he will arrive in Gainesville Wednesday of the coming week for the purpose of beginning work.

With the contemplated city improvements now in hand, the elegant new University buildings to be established, and with other building, it is safe to say that Gainesville will be the busiest "little city" in the State for the next twelve months.

Fishing Party Returns.

The fishing party, comprising E. A. O'Neill, "chairman," W. S. McDowell, E. K. Fagan and J. H. Truby, have returned from Cedar Key and the Gulf Coast, where they have enjoyed themselves and "got fat" from eating fish and clams for the past ten days.

The party spent all the time in camp life on the various keys in the vicinity of Cedar Key and report fine luck fishing. Mr. Fagan, however, carried off the honors during the trip, having caught with hook and line a thirty-five pound redfish. The fish afforded lots of sport, and Mr. O'Neill states that it required forty-seven minutes to land it.

To Raise Oranges at a Profit look to your fertilizer. To produce satisfactory results, it must contain not less than 10 per cent. of actual

Potash

The value of Potash for oranges is an established fact. Our pamphlet on orange-growing contains authoritative information—it is free upon request.

Free to All Our Subscribers—The Great American Farmer, Indianapolis, Indiana, the leading agricultural journal of the nation, edited by an able corps of writers. The American Farmer is the only literary farm journal published. It fills a position of its own and has taken the leading place in the homes of rural people in every section of the United States. It gives the farmer and his family something to think about aside from the humdrum of routine duties. Every issue contains an original poem by Solon L. Goode. For the next thirty days we offer two for the price of one: The Twice-a-Week Sun, the leading county paper, and The American Farmer, both one year for $1. This unparalleled offer is made to all new subscribers, and all old ones who pay up all arrears and renew within thirty days. Sample copies free. Address The Sun, Gainesville, Fla.

Sam and Hop Wilder, charged with implication in the murder of Oscar Brannen, near Plant City, have been released through habeas corpus proceedings on $10,000 bail for each. Judge Wall said the evidence did not show a presumption of their guilt.

Attention, Ye Needy.

For home purchasing contracts or loans in the Standard Guarantee and Trust Co. of Washington, D. C., write to Geo. W. Moyers, or call at the "Racket Store" of J. C. Evans in Gainesville. If I am not there, Mr. Evans will wait on you for me.

GEO. W. MOYERS.

GAINESVILLE, FLORIDA.

EXECUTOR'S NOTICE.

Letters testamentary having been on the 7th day of June, A. D. 1905, granted by the County Judge of Alachua county, Florida, to the undersigned as executor of the last will and testament of Robert H. Porter, deceased, late of said county, now, therefore, under and by virtue of an order made and entered in the matter of the administration of the estate of said Robert H. Porter, deceased, by the county judge of said county of Alachua, on the 2nd day of June, A. D. 1905, notice is hereby given to, and all creditors, legatees, distributees, and all persons having claims or demands against the estate of said Robert H. Porter, deceased, are hereby called upon to present the same to me at Jacksonville, Florida, within two (2) years from the date of this notice, the same being the date of the first publication thereof, the time required by law, or otherwise the same shall be forever afterward barred. All persons indebted to said estate are requested to make immediate settlement with undersigned.

Dated this 22d day of June, A. D. 1905.

THOS. V. PORTER,
Executor of the Last Will and Testament of Robert H. Porter, Deceased.
